9. The ’386 Patent is entitled “Emergency services for voice over IP telephony (E-VoIP),” and issued 2013-08-20. The application leading to the ’386 Patent was filed on 2011-04-25. A true and correct copy of the ’386 Patent is attached hereto as Exhibit 1 and incorporated herein by reference.

COUNT 1: INFRINGEMENT OF THE '386 PATENT

10. Plaintiff incorporates the above paragraphs herein by reference.
11. **Direct Infringement.** Defendant has been and continues to directly infringe one or more claims of the '386 Patent in at least this District by making, using, offering to sell, selling and/or importing, without limitation, at least the Defendant products identified in the charts incorporated into this Count below (among the "Exemplary Defendant Products") that infringe at least the exemplary claims of the '386 Patent also identified in the charts incorporated into this Count below (the "Exemplary '386 Patent Claims") literally or by the doctrine of equivalents. On information and belief, numerous other devices that infringe the claims of the '386 Patent have been made, used, sold, imported, and offered for sale by Defendant and/or its customers.

On information and belief, Defendant has also continued to sell the Exemplary Defendant Products and distribute product literature and website materials inducing end users and others to use its products in the customary and

16. Exhibit 2 includes charts comparing the Exemplary '386 Patent Claims to the Exemplary Defendant Products. As set forth in these charts, the Exemplary Defendant Products practice the technology claimed by the '386 Patent. Accordingly, the Exemplary Defendant Products incorporated in these charts satisfy all elements of the Exemplary '386 Patent Claims.
